

Dr. J.K. Mulloy School

School Digital Citizenship Plan 2025-2026

Relevant contextual information about your school and School Development Plan:

- K-4 elementary school with diverse student population
- Traditional Learning Center
- School Development Plan Goal: Learning Excellence in Mathematics and English Language Arts and Literature will improve.
- School Development Plan Outcome: Student's success in Mathematics will improve through equitable Mathematics practice.

Relevant evidence and data that informs your Digital Citizenship Plan:

- As early learners, our students are new to using and variety of digital tools for learning
- Some students are new to creating secure personal passwords
- We aim to increase student engagement in learning through equitable digital learning tools and resources

School Digital Citizenship Plan						Progress		
Long Term Goal (e.g. spanning 8-10 months)	Competency (may be chosen from the CBE DC Competencies)	Short Term Goals (in support of the long term goal)	Outcomes	Activities & Resources	Measures	December	March	June
Long term goal #1 Learners will understand the importance of protecting personal information online and apply learned strategies.	Safe: I know how to protect my personal information online.	Short term goal 1: Students will understand the characteristics of a strong password and why it is important to have one.	Students will create an age-appropriate, 8 character, unique password to access CBE devices and network.	Review resources on Digital Citizenship Insite page . Creating Passwords with Young Learners Targeted lessons and supported development of strong passwords. Instructional slides re: Creating Passwords	All students in the school will have a unique, secure password by June 1, 2026.	Checklist Survey - initial % of students in each grade who have created a unique password		

<p>Long term goal #2</p> <p>Students will use digital tools to learn, express their creativity and collaborate with others</p>	<p>Involved:</p> <p>I can use digital tools to express my creativity and collaborate with others</p>	<p>Short term goal 1</p> <p>Students will use Google tools to support and enhance their learning.</p>	<p>Students will understand how to use Google tools and make decisions on which tools will support their learning needs.</p>	<p>Teachers will familiarize themselves with the features of Google tools.</p> <p>Teachers will design tasks that incorporate Google tools.</p> <p>Support from the Teaching and Learning with Technology Specialists as needed.</p> <p>Resources and Links for planning: teaching and learning with Google tools</p>	<p>An increase in student use of Google Tools to demonstrate their learning.</p>	<p>Check list survey - initial % of students in each grade who use Google Tools (Docs, Slides, Forms) to demonstrate their learning.</p>

Next Steps & Focuses for the Coming School Year

- **Digital Citizenship Competency: Respectful**
- While online:
- I am respectful and inclusive in my words and actions
- I am open to multiple viewpoints and perspectives
- I am empathetic towards others
